

# easyDo!

Mobile App Development - SOFE 4640U  
Anwar Abdalabari

# INTRODUCTION + GOAL

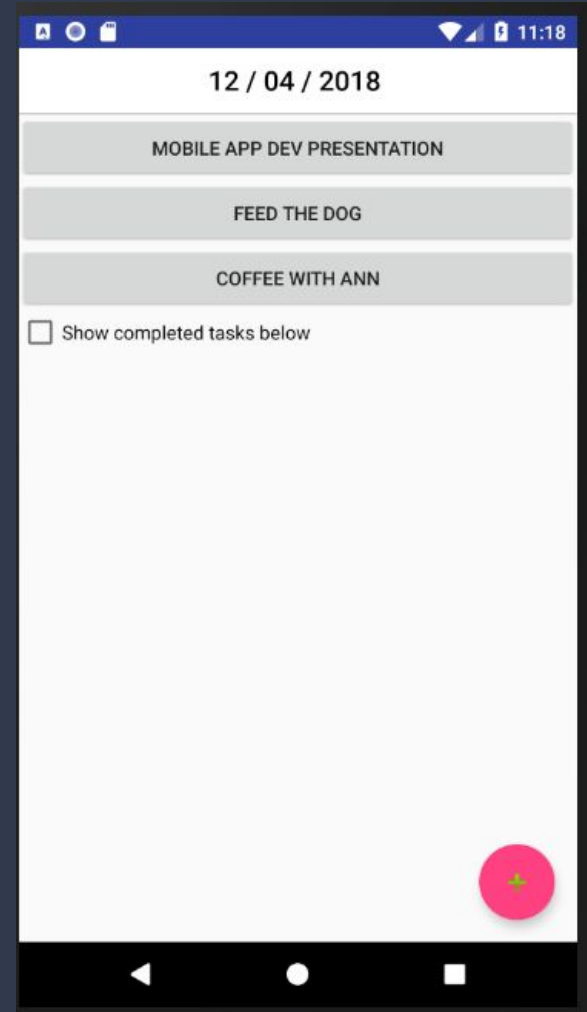

- **What is easyDo?**
  - Our mobile app aims to help students time manage their daily tasks and create a to-do-list
  - This problem is common with most people especially students
  - Students can prioritize their daily tasks and never miss a deadline
- 
- **GOAL:**
    - Set your mind at ease when you know what your responsibilities are.
    - Accomplished by creating an app

# IMPLEMENTATION

**Android**  
Studio
